

## Asks Death For Vogeler

### Verdict Of Red Court Comes Today

Budapest, Hungary, Feb. 20.—(AP)—A possible death sentence faced Robert A. Vogeler, young American business man, at the end of his trial on spying and sabotage charges today.

His British aid, Edgar Sanders, and three Hungarian co-defendants faced the same possible sentence. Two other Hungarians were liable to maximum sentences of 15 years.

The five-man people's court will hand down its verdict at 1 p.m. tomorrow. If the procedure of the trial of Joseph Cardinal Mindszenty and Laszlo Rakj, Hungary's No. 2 Communist, if followed, the sentences will be pronounced at the same time.

All the defendants made renewed confessions of guilt in their final statements today and heard their lawyers enter pleas which only listed some extenuating circumstances.

**Renews Plea For Mild Sentence**  
Vogeler, 30-year-old assistant vice president of the International Telephone and Telegraph company, speaking in a low, calm voice, himself renewed his plea for a "mild sentence."

Prosecutor Gyula Alapi, whose pleas sent Cardinal Mindszenty to prison for life and Rakj to the gallows, then declared Vogeler and Sanders "great spies" and demanded the "severest punishment" for all the defendants.

This is a customary demand under Hungarian Court procedure, however.

**Tried Under Article 3**

Vogeler, Sanders, three Geiger, Hungarian men, the I. T. & T. subsidiary here, Zoltan Rado, a department chief in the ministry of heavy industry, and Klemen Domokos, standard electric account, all were prosecuted under article three of an act of 1930 which provides for the death penalty for espionage, they also were charged with sabotage, another offense punishable by death.

The other two Hungarian defendants, Edina Doery, hotel barmaid and telephone operator, and the Rev. Istvan Justh, a Catholic priest, were a maximum sentence of 15 years imprisonment.

The lawyers for both Vogeler and Sanders argued today, however, that their clients were foreigners and that the law could apply only to Hungarian nationals.

## Bell System Had Income In 1949 Of 240 Million

New York, Feb. 20.—(P)—The Bell System, which operates four fifths of the nation's telephones and is the world's largest corporation, had a net income of \$240,756,005 in 1949, the annual report said today.

This compared with \$229,164,784 in 1948.

However, Leroy A. Wilson, president of the parent American Telephone and Telegraph Co., said Bell System earnings on capital declined from 5.1 per cent in 1948 to 4.9 in 1949. And he declared further telephone rate increases were needed.

Wilson said the Bell System had spent more than a billion dollars in adding 2,000,000 more telephones during the year. This brought its total expenditure for new construction since the war to \$4,525,000,000 and the number of Bell telephones in use to 33,388,000—a post-war gain of 11,500,000.

The system obtained \$622,000,000 in new capital during 1949 to bring the post-war total to \$3,373,000,000. Of Bell System earnings in 1949 a total of \$232,855,465 was applicable to A. T. & T. stock—the equivalent of \$9.70 a share or 70 cents more than the \$9 annual dividend rate maintained for 29 years.

## Mardi Gras Day Climaxes 2-Week Lenten Celebration

New Orleans, Feb. 20.—(P)—A fortnight of dazzling parades of pagantry and glittering masked balls climaxed here tomorrow with Mardi Gras Day when King Rex holds the city under his gay wand as lord of misrule.

From dawn to midnight, masked and costumed throngs will fill every inch of wide Canal street and pack the adjacent French quarter and the entire downtown area.

This year, King Rex's subjects will include the Duke and Duchess of Windsor attending their first Mardi Gras.

## Severe Cold Hits Hoarding Eastern States Monday

By the Associated Press

Severe cold hit coal hoarding eastern states Monday.

New England bundled up for 15 to 25 below zero weather expected early Tuesday.

Even Florida was chilly. Week end frosts dealt heavy damage to truck crops after 53 frost free days.

The Florida forecast was for 27 above in the extreme north and a low of 40 above in the south before warmer weather Tuesday.

Subzero weather was common in New England states and in northern New York state all day Monday.

New England, with its lowest temperatures of the winter, braced for a sub-zero night. Monday night readings were expected to hit 15 to 25 below in New Hampshire and Vermont, 10 to 20 below in Maine, five to 15 below in the interior sections of southern New England, and five above to five below in the coastal areas.

New York state faced its second sub-zero night, with predictions of readings as low as 20 below along the Canadian border. The southern portion of the state was expected to have five to 10 below temperatures.

Owls' Head, New York state's coldest spot, had 36 below zero Sunday night.

Temperatures went up sharply in the southern plains. Southward from Kansas and Missouri the mercury jumped to the 60's or higher.

## IAA Leader Calls Corn Acreage Plan For State 'Unfair'

Champaign, Ill., Feb. 20.—(P)—The president of the Illinois Agricultural Association described as "unfair" today the state's corn acreage allotment plan calling for a 20 per cent reduction in 1950 planting.

Charles B. Shuman said state farm bureaus will "not sit idly by if farmers who cooperated with government conservation programs are penalized." He addressed about 75 farm advisers and farm bureau directors at a district conference of the I. A. A.

"Definite assurances have been given by the Commodity Credit Corp. on the national level that every consideration will be given to those farmers who have or are carrying out conservation programs," he said.

The Illinois production and marketing administration is seeking a uniform percentage cut in corn on all farms, regardless of past soil care.

Shuman criticized the plan as one that favors farmers who produced only corn. He said many of these farmers produced a high corn acreage with the expectation that history would be the basis for the allotments.

## SOVIETS KEEP TIGHT BAN ON METAL GOODS

Berlin, Feb. 20.—(P)—The Russians kept a tight ban tonight on shipments of metal outboard from Berlin but relaxed their embargo on incoming shipments.

British and American officials said the Russians still were holding from 10 to 20 trucks. The vehicles had been seized over the week-end.

## TO UNDERGO OPERATION

Hollywood, Feb. 20.—(P)—Ann Southern will undergo a neck operation tomorrow, a spokesman said today. Dr. William Branch will remove an adenoma (benign tumor) of the thyroid gland.

## KILLED BY TRAIN

Paris, Ill., Feb. 20.—(P)—Mrs. Lillian Elam, 55, was struck and killed today by a New York Central passenger train as she was walking across the tracks.

## Supreme Court Upholds Search Without Warrant

Washington, Feb. 20.—(P)—The Supreme Court ruled today that when police legally arrest a man, they may also search a limited area under his immediate control for evidence of a crime.

But the court laid down no sharp guide as to how far they may go.

The vote was 5 to 3.

Justice Frankfurter, who dissented, protested that the decision "makes a mockery of the fourth amendment" to the U. S. constitution, which bans unreasonable search and seizure.

In a somewhat similar case, the court ruled 6-2 that a home owner may refuse to admit a city health inspector who does not have a search warrant. The case arose here.

In the first case, which involved a New York stamp dealer, Frankfurter said the court had overruled a long series of unanimous decisions.

Some of them handed down in recent years.

Declaring that the court should show "respect for continuity in law," Frankfurter said in a seeming reference to the tribunal's newer of each case.

## National China's Political Crisis Nears A Climax

Taipei, Formosa, Tuesday, Feb. 21.—(P)—Nationalist China's long-brewing political crisis neared an explosive climax today.

Premier Yen Hsi-Shan's office disclosed he was trying to resign, and the supreme war cabinet issued an ultimatum to acting President Li Tsung-Jen to return home by Friday or lose his job.

Li went to New York in December for a stomach operation. Yesterday he sent word that he wanted to return to China but that his doctor advised against a long journey.

Even if he should start immediately by air, he would have difficulty in meeting the Friday deadline.

"Li could not be reached in New York for comment. Since his arrival here, he has kept in seclusion and refused to see newsmen or answer any questions."

The telegram demanding his return said that if he did not, Generalissimo Chiang Kai-Shek would be asked to resume the presidency without further ado.

Chiang "retired" 13 months ago to Li to make an unsuccessful attempt to negotiate peace with the Chinese communists. Chiang has remained the dominant figure in the government, however, and has continued to direct the war against the Reds almost without interruption.

Driven off the mainland, the government fled to Formosa at the same time Li flew to New York. The schism between Chiang and Li factions has deepened ever since.

## ICC Suspends Rate Hikes On Chicago Northwestern Line

Washington, Feb. 20.—(P)—The Interstate Commerce Commission today ordered suspension until Sept. 20 of proposed increases in commutation fares on the Chicago and North Western Railway between Chicago and five Wisconsin points.

The new fares, which have been filed with the ICC, were scheduled to become effective tomorrow.

They would have increased the cost of the 12-ride weekly tickets by 35 per cent and the 54-ride and 60-ride monthly commutation fares by 25 per cent.

The increase would have been applied between Chicago and Kenosha, Genoa City, Pell Lake, Lake Geneva and Williams Bay, Wisconsin.

During the suspension of the increased tariff, the ICC will investigate to determine if the proposed fare increase is justified.

ICC officials said that protests against the increased fares have been filed by several users.

## Caterpillar Will Build New Plant In Joliet, Illinois

Joliet, Ill., Feb. 20.—(P)—The Caterpillar Tractor company announced today it will build a Joliet plant to employ between 1,200 and 1,500 persons in the manufacture of bulldozers and other earth moving machinery.

The company has acquired about 300 acres along the Illinois waterway southwest of the city for the site. It bought the last 27 acres of this tract today from the city of Joliet for \$70,000.

T. R. (Ted) Farley, Caterpillar president, said the plant will cost "several million dollars." Clearing of the land will start next week, with construction to begin late in March or early in April. Construction is to be finished next fall.

Caterpillar's main plant is at East Peoria. Farley will be manager of the Joliet plant.

## Dr. Sander Calm As 'Mercy Death' Jury Is Selected

Manchester, N. H., Feb. 20.—(P)—Dr. Hermann Nelson Sander kept his head high today as he watched the seating of nine of the 13 jurors who will try him for murder as an accused "mercy slayer."

Appearing calmly confident of acquittal, the 41-year-old country doctor broke through a poker face with an occasional faint smile as the stage was set for a trial that has already rocked the medical world.

Dr. Sander is specifically accused of killing Mrs. Abbie Borotto, 59, Manchester housewife, by giving her air injections to cure her suffering from cancer.

Dr. Sander left the courthouse with Mrs. Sander to spend the night at home, still free under \$25,000 bail.

Both Sander and his wife looked tired—and yet somewhat relieved—as the court adjourned for the day after examining 40 veniremen. Only one woman was called. She was a 70-year-old housewife who was excused after being challenged by the prosecution.

While feeling has run high in this predominantly Catholic industrial city of 80,000, only a handful of curious braved zero temperature and a blustery wind to get a glimpse of the Sanders as they came and left.

## HONOR KATHARINE CORNELL

Rockford, Ill., Feb. 20.—(P)—Katharine Cornell, veteran stage actress, will be given a medal Sunday by Rockford college for her "achievements as an outstanding woman."

Miss Cornell will receive the Jane Addams medal in ceremonies at the college.

The actress is on tour with a production of "That Lady" and will visit Rockford on route to St. Paul and Minneapolis.

## NAMED MANAGING DIRECTOR

Chicago, Feb. 20.—(P)—Col. John N. Gage, commanding officer of the U. S. quartermaster depot in Chicago, today was named managing director of the first United States international trade fair. The exhibition will be held in Chicago Aug. 17-19.

## Miners Continue 6-Week Walkout

Chicago, Feb. 20.—(P)—The State Commerce commission today prepared a 25 per cent slash in use of electricity by Illinois residents.

This move in the fast-billowing coal strike crisis was tentatively set for Monday. Gov. Adlai Stevenson emphasized it with an appeal terminating the present situation an emergency and urging sharp cuts in fuel and electricity use by "industries, business houses and home owners alike."

The Illinois developments came as District Judge Richmond B. Keech ordered the striking United Mine Workers' union to appear in his Washington, D.C., courtroom Friday to answer civil and criminal contempt charges. The government asked for the contempt proceedings. John L. Lewis, UMW president, who two weeks ago asked his miners to comply with Judge Keech's Feb. 11 order to get back to work, was not named a defendant in the contempt case.

Meanwhile, the 19,000 Illinois UMW members remained away from their jobs as did some 353,000 of their union members in other parts of the nation.

The 10,000-member Progressive Mine Workers' union, which has been bringing up coal all during the big UMW dispute, prepared to go on strike in Illinois pits at midnight tomorrow.

The lower Mississippi project includes flood control work along the Mississippi river and its tributaries from Cape Girardeau, Mo., to the gulf. This year's recommendations include \$15,000,000 for maintenance and \$7,000,000 for construction.

## U.S. Defense Chiefs Pushing Plans For Atom-Powered Sub

Washington, Feb. 20.—(P)—America's defense chiefs today were reported pushing plans for development of the world's first atom-powered submarine, a project that might revolutionize naval warfare.

Theoretically, such an underwater craft would have an almost unlimited range.

Research on "atom engines" for airplanes was also reported progressing.

Close secrecy surrounded both projects, but a well-posted informant said discussions are underway between the navy and the Electric Boat Corp. of Groton, Conn., builder of many of the navy's submarines.

An informant said the navy-electric boat discussions are so far along that in all likelihood Congress will be asked to take on new funds for the work in making up the 1951 navy budget for the fiscal year beginning next July.

AEC officials said the commission and two of its major contractors—General Electric and Westinghouse—are negotiating with electric boat in connection with the atom-powered submarine project.

An AEC report to Congress last month revealed that progress has been made toward development of reactors suitable for submarine or surface vessel propulsion.

## Nation's Output Drops 2% In 1949 To 257 Billion

Washington, Feb. 20.—(P)—The nation's output of goods and services, which President Truman recently said can be expanded to \$300,000,000,000 in five years, dipped nearly two per cent in 1949 to a \$257,400,000,000 total.

The commerce department, reporting today, said also that the national income derived from that output declined nearly two per cent to a 1949 total of \$221,500,000,000.

In both instances the declines were from the historic highs established in booming 1948. Department analysts said it was significant that the 1949 declines in dollar volume could be attributed to lower prices, for the physical volume of production was about the same.

2. The chief cause of the production decline was that businessmen cut down on buying of goods for inventory purposes. If they hadn't 1949 would have set a new production high.

3. Income of people as distinguished from corporations, slipped only one per cent, to a 1949 total of \$210,000,000,000. And people spent readily, increasing personal consumption outlays by \$600,000,000 to a \$178,800,000,000 total.

## State No Progress In Talks To Avert Telephone Strike

Washington, Feb. 20.—(P)—The government today received reports of lack of progress toward averting a nationwide telephone walkout set for Friday.

Bell Telephone System companies and the CIO's Communications Workers of America submitted the reports to Cyrus S. Ching, federal mediation service director.

Ching arranged a meeting tomorrow with the Western Electric sales and installation divisions of the Bell System and the union officers representing Western Electric workers.

These sales and installation workers are considered a vital cog of the union's strike machinery since they are assigned to most telephone exchanges and offices all over the country. Other workers may refuse to work if these sales and installation men walk out.

The union says 100,000 workers are ready to strike Friday at 6 a.m. local time. Another 150,000 workers will be ready to join the first wave of strikers after March 1, CWA says.

## ICC Prepares For 25% Slash In Use Of Electricity

Chicago, Feb. 20.—(P)—The State Commerce commission today prepared a 25 per cent slash in use of electricity by Illinois residents.

This move in the fast-billowing coal strike crisis was tentatively set for Monday. Gov. Adlai Stevenson emphasized it with an appeal terminating the present situation an emergency and urging sharp cuts in fuel and electricity use by "industries, business houses and home owners alike."

The Illinois developments came as District Judge Richmond B. Keech ordered the striking United Mine Workers' union to appear in his Washington, D.C., courtroom Friday to answer civil and criminal contempt charges. The government asked for the contempt proceedings. John L. Lewis, UMW president, who two weeks ago asked his miners to comply with Judge Keech's Feb. 11 order to get back to work, was not named a defendant in the contempt case.

Meanwhile, the 19,000 Illinois UMW members remained away from their jobs as did some 353,000 of their union members in other parts of the nation.

The 10,000-member Progressive Mine Workers' union, which has been bringing up coal all during the big UMW dispute, prepared to go on strike in Illinois pits at midnight tomorrow.

## Car Industry Asks Solons To Remove Auto Excise Taxes

Washington, Feb. 20.—(P)—The automobile industry asked congress today to remove the excise taxes, which add about \$95 to the price of the average new car and about \$76 to the price of trucks.

George Romney, speaking for the automobile manufacturers association, said the excises are a serious threat to jobs in the industry, which in all its phases, supplies one-seventh of the nation's employment.

Romney, who is vice president of Nash-Kelvinator corporation, told the House Ways and Means committee the automotive industry is opposed to the taxes for these six principal reasons:

1. They impede commerce by increasing the cost of moving goods and people.

2. They are an increasing threat to production and employment.

3. They affect lower-income groups relatively more than other groups.

4. They are discriminatory, since they are not imposed on competitive forms of transportation.

5. They are unfair, because they place a relatively greater tax load on farmers, small town people and others who necessarily depend mainly on automotive transportation.

6. They are an extreme example of multiple taxation.

## Motorman Accused Of Causing Wreck That Killed 29

Minneapolis, N. Y., Feb. 20.—(P)—A 55-year-old Long Island railroad motorman was accused in court today of causing Friday night's wreck that killed 29 passengers and injured more than 100.

District Attorney Frank Gulotta charged that the engineer, Jacob Kiefer, twice ignored a red signal light just before the crash at near-by Rockville Centre.

Kiefer told newsmen he did not know if he passed a red signal.

Kiefer was brought under guard from nearby Meadowbrook hospital where he had been treated for minor injuries suffered in the crash.

His face was not bruised and no bandages were visible as he was brought into court.

The stocky motorman was released on \$10,000 bond posted for him by the railroad.

Examination was set for March 6, if the Nassau county grand jury does not act on the second degree manslaughter case by that time.

However, Gulotta indicated the jury may consider the case tomorrow.

## UMW Is Held In Contempt

### High Rivers Give Southerners Need For Flood Control

Washington, Feb. 20.—(P)—The flooding Mississippi river gave a southern delegation a ready argument today in behalf of more money for flood control work along the lower Mississippi and its tributaries.

Witness after witness at a hearing before a senate appropriations subcommittee said the river valley now is experiencing its third greatest flood in recent years.

They credited past flood control works built by army engineers with controlling much of the flood. Damage, suffering and hardship, they said, would be relieved if other projects under way were completed.

The delegation, made up of residents from Tennessee, Arkansas, Mississippi, Missouri, Louisiana, and Illinois, supported a \$72,000,000 appropriation for the lower Mississippi project as recommended by President Truman's budget.

Most of them stressed that \$72,000,000 is the very minimum and suggested that this be increased, possibly to \$100,000,000.

The lower Mississippi project includes flood control work along the Mississippi river and its tributaries from Cape Girardeau, Mo., to the gulf. This year's recommendations include \$15,000,000 for maintenance and \$7,000,000 for construction.

## Car Industry Asks Solons To Remove Auto Excise Taxes

Washington, Feb. 20.—(P)—The automobile industry asked congress today to remove the excise taxes, which add about \$95 to the price of the average new car and about \$76 to the price of trucks.

George Romney, speaking for the automobile manufacturers association, said the excises are a serious threat to jobs in the industry, which in all its phases, supplies one-seventh of the nation's employment.

Romney, who is vice president of Nash-Kelvinator corporation, told the House Ways and Means committee the automotive industry is opposed to the taxes for these six principal reasons:

1. They impede commerce by increasing the cost of moving goods and people.

2. They are an increasing threat to production and employment.

3. They affect lower-income groups relatively more than other groups.

4. They are discriminatory, since they are not imposed on competitive forms of transportation.

5. They are unfair, because they place a relatively greater tax load on farmers, small town people and others who necessarily depend mainly on automotive transportation.

6. They are an extreme example of multiple taxation.

## U.S. Files Claim Against Tucker

Chicago, Feb. 20.—(P)—The federal government filed a \$3,374,000 claim against the Tucker corporation today.

John P. Lulinski, assistant U.S. attorney, said the claim has priority over other pending claims against the rear-engine automobile firm.

The claim, filed in federal court, is based on rentals, maintenance costs, and taxes in connection with Tucker's lease on plants and machinery from the war assets administration and the reconstruction finance corporation.

Efforts now are being made to reorganize the Tucker firm under bankruptcy laws. Tucker and seven of his associates were acquitted last month on mail fraud and conspiracy charges in their \$28,000,000 enterprise.

## Quakers Brand Building Of H-Bomb 'Unwise, Immoral'

Washington, Feb. 20.—(P)—A Quaker leader today branded President Truman's order to make the hydrogen bomb "unwise and immoral," contending that first there should be strenuous new efforts to make peace.

Samuel R. Levering of the Friends (Quakers) committee on national legislation told a Senate foreign relations subcommittee that Americans want a great moral crusade for peace through world control and reduction of all armaments, and through generous use of our economic resources to improve world living standards.

Levering said there is a chance that Russia might accept a disarmament plan and might join the U.S. in a world welfare program.

Mr. Truman's decision to press for development of the new weapon should have been withheld until to dividing the world into armed

## Must Appear Monday To Explain

Washington, Feb. 20.—(AP) Federal Judge Richmond B. Keech today hurled a criminal contempt of court citation to John L. Lewis' striking union for defying the court's order to dig coal.

The United Mine Workers, must appear Friday and explain why 372,000 soft coal workers have refused since last Monday to obey.

If the union's story doesn't satisfy the court, a trial will be held next Monday.

## BATTLE AGAINST HEART DISEASE NEEDS YOUR REINFORCEMENT

Heart disease is the nation's greatest killer. It takes a heavier toll of human life than the next five leading causes of death combined.

In 1947, the last year for which complete figures are available, more than 625,000 persons died of heart and blood vessel ailments. This was three times as high as the death rate from the dreaded cancer. Nearly half of all deaths among persons over 45 were due to heart disease. And doctors estimate there are today at least 10,000,000 Americans disabled to some degree by cardiac troubles.

Heart diseases strikes young and old alike. For instance, rheumatic heart disease is the leading cause of death (aside from accidents) among children from five to 19. And Dr. Leonard Scheele, U. S. surgeon general, predicts that these ailments will exact an even greater toll as the average age of our population mounts.

About 90 per cent of all cases are the result of the disease's three principal forms: rheumatic, coronary and hypertensive. Yet the true causes of these death-dealing afflictions are still largely unknown.

The economic price of this physical damage in terms of loss of life, disability, loss of gainful employment, job absenteeism, and remedial programs is tremendous. The cost in human happiness is incalculable.

This great cost must be reduced. It can only be lessened by learning much more than we now understand about the causes, prevention and cure of heart and circulatory ailments. According to Dr. Scheele the doctors' present weapons in this war are feeble when set against the enemy's strength. Our present plight, he says, is the result of past neglect. But even today funds and facilities for heart research lag far behind pressing demands.

The National Heart Institute, created by Congress to guide and foster research and control activities, has received requests for grants totaling some \$36,000,000. But this exceeds by almost 50 per cent the current appropriation to the U. S. Public Health Service for medical research in ALL fields.

Thus funds raised by private voluntary agencies like the American Heart Association give heart research a badly needed boost. This year the organization is seeking \$6,000,000 in its month-long February drive which has its peak in the American Heart Week. The money is intended not only for research out for education and community services designed to draw medical, nursing and welfare activities into integrated heart programs.

With so many worthy causes crying for funds, the competition for your gift dollar these days is keen. But it goes without saying that no money you donate to bettering the nation's health will be more wisely directed than that you contribute to combat heart disease.

## THE DOCTOR SAYS

## American Heart Association Needs Research Funds

By Edwin P. Jordan, M.D.

Written for NEA Service

Much can be done for heart disease and diseases of the blood vessels, particularly if they are caught early. Some kinds can be prevented and others, like subacute bacterial endocarditis, which formerly was fatal, can now be cured in most cases. Serious difficulty can often be avoided or postponed when the correct diagnosis is made promptly and the proper treatment begun at once. Nevertheless, the key to the problem of heart disease is more knowledge. Only by obtaining more knowledge will it become possible for physicians to aid in developing better methods of prevention and improved treatments.

About one out of every three deaths is caused by some disorder of the blood vessels or of the heart. In 1947, for example, which is the last year for which complete figures are available, more than 625,000 persons living in the United States died as a result of these diseases.

In addition to the toll in the form of deaths which heart disease and its relatives exact, there are many people who are completely unable to work or who are less seriously ill from some condition related to the heart, to high blood pressure, or to hardening of the arteries. For all these reasons, therefore, the conquest of heart disease is one of the most important problems facing medical investigators today.

It is not proper to speak of heart disease as a single problem. There are many conditions which cause difficulty. Heart disease caused by rheumatic fever, usually in childhood, is one of the problems. Heart disease caused by hardening of the arteries in later life is another. Finally, among the most important causes of heart disease is high blood pressure of unknown origin.

One out of every three of us is vitally interested in finding some solutions to these many problems. These are not immediately in sight, but so many difficult medical problems have already been solved by patient work and by adequate resources for research that there is no cause for despair even if the end is still far distant.

At present the American Heart Association is conducting a campaign to obtain funds to permit more research on the causes, prevention, and treatment of these diseases. The money thus raised is spent principally on supporting research by means of which alone can we hope for some real solution to this killer. The objectives of this campaign and the purposes towards which the funds are put are in keeping with the best traditions of extending the boundaries of medical knowledge.

## Funeral Services For Noble Turner Take Place Sunday

Funeral services for Noble Turner were held at Mt. Emory Baptist church Sunday at 2:30 p. m. The officiating ministers were Rev. A. V. Harris, Rev. George Halladay and Rev. Samuel Waddell. The obituary and condolences were read by Mrs. Della McPike.

Music was furnished by the Mt. Emory choir, with Mrs. Charles Lewis and Mrs. Della McPike as soloists. A duet was sung by Mrs. Elgin Wells and Mrs. Eileen Gray. Mrs. Gray also served as accompanist.

Care of the floral tributes was in the charge of Mrs. Alice Scott, Mrs. Maude Bibe and Mrs. Elgin Cooper. The pallbearers were William Hatcher, S. G. Johnson, Avery Williams, Wath Williams, Roscoe Harris, Ben Shannon and Charles Sales, all deacons of the church. Interment was made in Diamond Grove cemetery.

## Asks \$25,000 For Personal Injury

A suit asking \$25,000 personal injury damages as the result of a truck and automobile collision was filed Monday in circuit court by Robert Dearing against A. B. Chrisman and Kenneth Nunn. Dearing claims he was permanently injured in an accident which occurred Oct. 29, 1948, on State Route 104 at the east limits of Meredosia.

The suit states that Chrisman was owner and Nunn was driver of a truck, which the plaintiff alleges was operated in a negligent manner. Dearing is represented by Bellati, Arnold &amp; Fay and R. L. Norton, all of Beardstown.

## JAPANESE WOMEN WELCOMED TO N. Y.

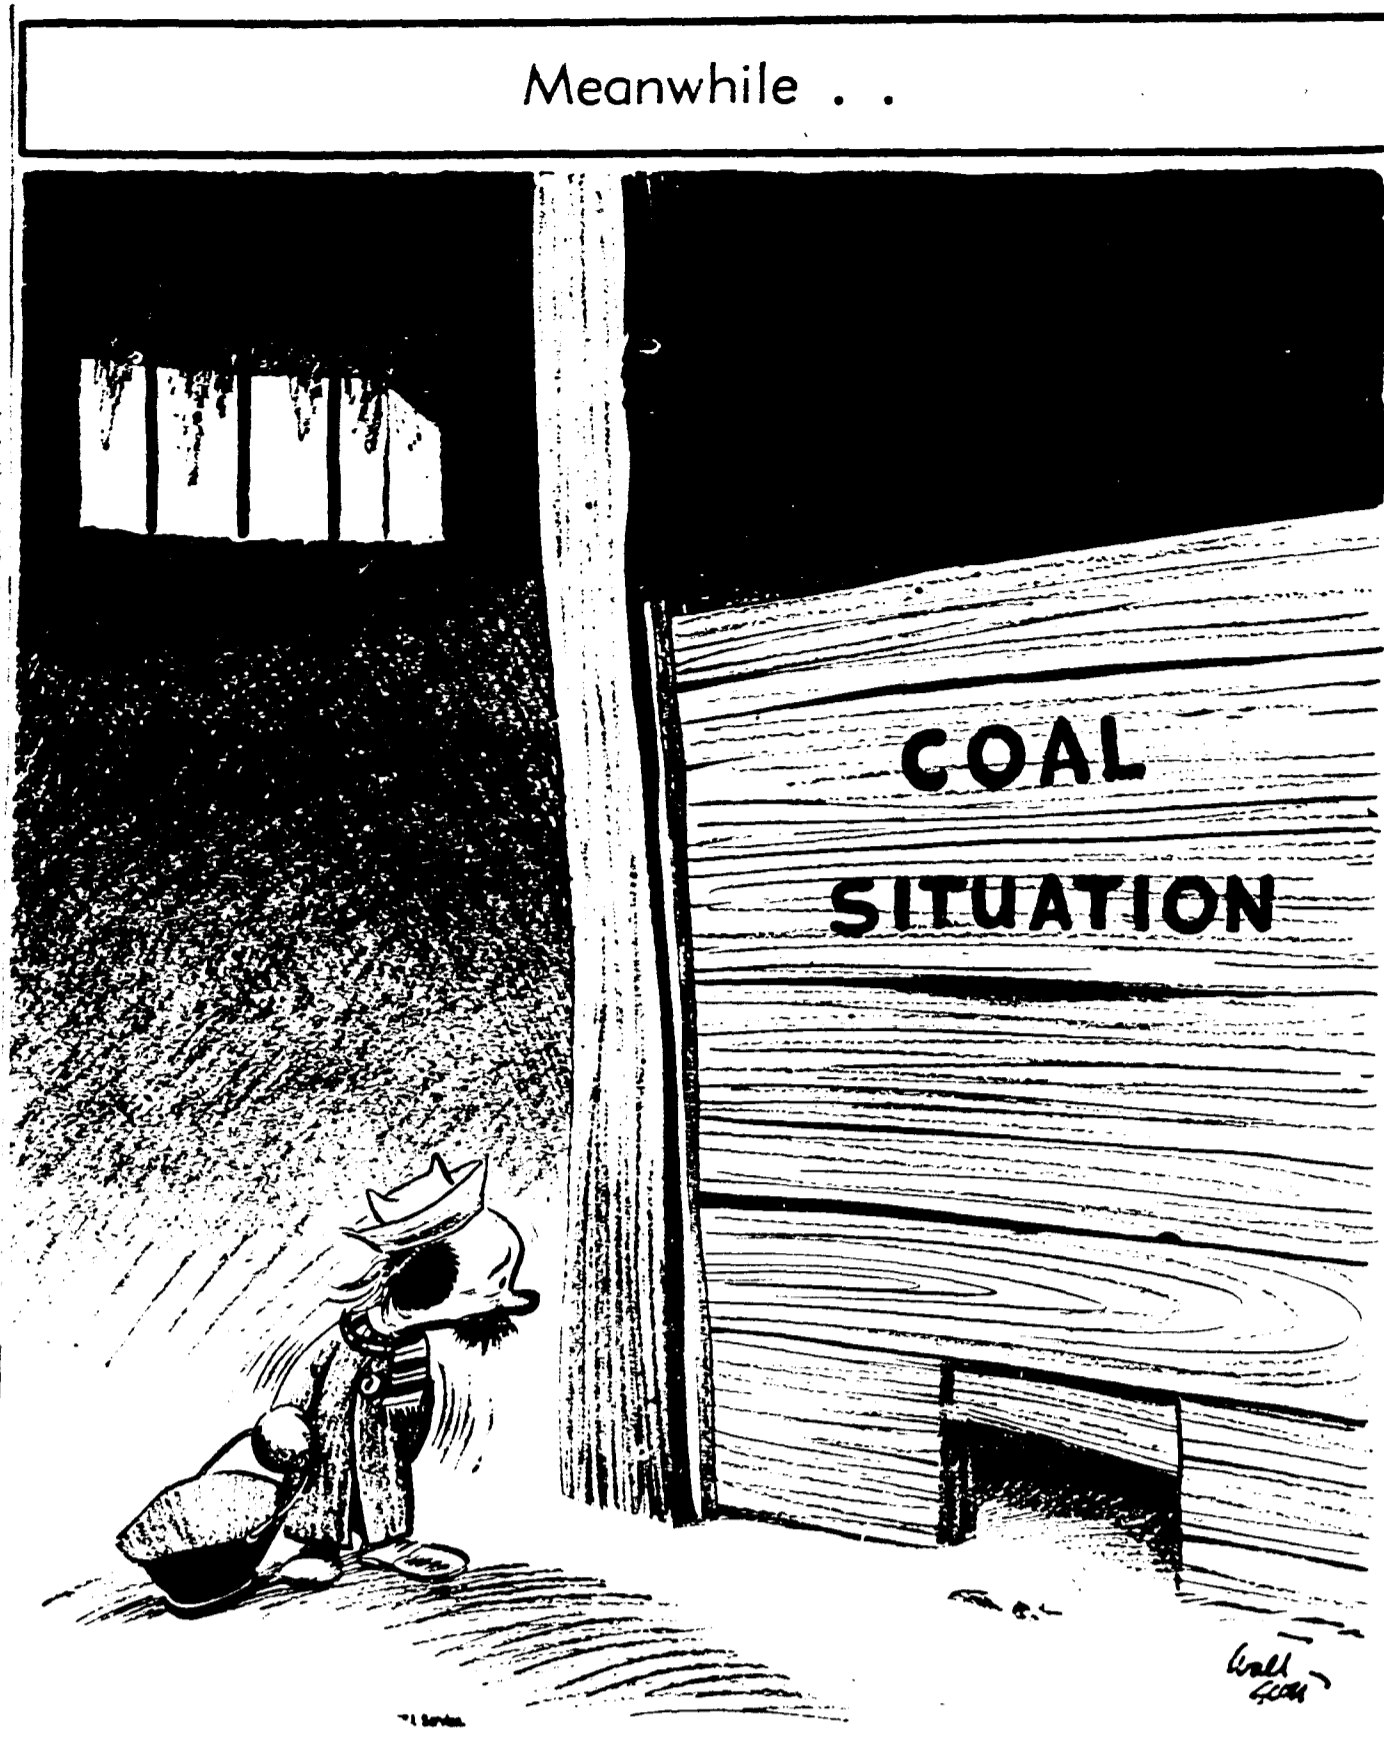

New York, Feb. 20. — Eleven Japanese women were officially welcomed to New York today on their three-month tour of the United States.

They are in this country for a first-hand study of government agencies and private citizens' organizations, gaining knowledge they hope to use to raise the social, economic and political status of women in rural and labor groups in Japan.

## CHICAGO CLAIMS AIR RECORD

Chicago, Feb. 20. — The men who run the Chicago Midway Municipal airport says it is the busiest in the U. S.

Traffic figures for 1949 show 223,943 landings and takeoffs during the year, a record. It figured one landing or takeoff every 2.53 minutes, day and night.

## WED AT FRANKLIN CHURCH

MR. AND MRS. HAROLD JOHNSON

The marriage of Miss Dorothy Hayscraft and Harold Johnson was solemnized at the Sacred Heart church in Franklin in a ceremony performed Feb. 8 by Rev. Father Michael Keams.

The bride is the daughter of the late Mr. and Mrs. Allen Hayscraft of Franklin. She was graduated from Rountt High school in 1949 and is now employed by the State Department of Public Welfare.

Mr. Johnson, son of Mr. and Mrs. Everett Johnson of Alexander, graduated from Rountt High school in 1948. He is now engaged in farming near Waverly, where the couple will make their home.

## Serve Washington Shortcakes

BY GAYNOR MADDOX

NEA Staff Writer

For February 22, Washington's birthday, plan a gala dessert. The composites of ice cream that graced President Washington's Mt. Vernon table couldn't have been more sumptuous than the following which any modern homemaker can make. Its food value is higher, too, because of richer commercial bulk ice cream is richer in butterfat content, extra proteins and minerals of milk solids.

George Washington Shortcakes (Serves 8) One quart cherry-vanilla ice cream (bulk), 1 cup butter, 1 teaspoon vanilla, 1 cup light cream, 3 cups confectioners' sugar, 6 individual bakeware shortcake shells, one 12-ounce jar preserved cherries.

Store ice cream until needed in freezing compartment of refrigerator, with controls set at freezing. Cream butter until soft. Blend in vanilla, light cream, then confectioners' sugar. Beat mixture until light and fluffy. Frost outside of shortcakes with mixture. Place a tablespoon of the preserved cherries in the bottom of each shortcake shell.

Fill the center of each with a large ball of cherry-vanilla ice cream. Chill in freezing compartment of refrigerator, in waxed paper lined freezing trays or serve at once. Just before serving, top each ice cream shortcake with more cherry preserves.

## Cherry-Vanilla Ice Cream Tarts (Serves 6)

One quart cherry-vanilla ice cream (bulk), 1 1/3 cups sifted flour, 1 teaspoon salt, 1 cup butter, 1 cup shortening, 1 teaspoon almond extract, 1 cup ice water, cherry glaze.

To make tart shells: Sift together flour and salt. Cut in butter and shortening, using pastry blender or two knives. Combine almond extract with the water, add to flour mixture, and mix with a fork until the dough forms a ball. Wrap in wax paper and chill for 30 minutes.

Roll pastry out on floured board to 1/4-inch thickness. Cut into rounds to fit the outside of 3-inch tart pans. Fit over inverted pans, pinch edge together to flute and prick with fork. Bake in a preheated oven at 350 degrees F. until delicately brown, 10 to 15 minutes. Remove from pans and cool.

To complete tarts: Fill the cold tart shells with slightly softened cherry-vanilla ice cream, leveling the tops. Cover ice cream with cherry glaze. Place in freezing tray which has been lined with waxed paper; chill in refrigerator's freezing compartment for several hours. Top each tart with whipped cream and a maraschino cherry if desired.

TOMORROW'S MENU BREAKFAST: Orange juice, pancakes for Shrove Tuesday, crisp bacon, syrup or honey, coffee, milk.

LUNCHEON: Tomato juice, ham and eggs, toasted English muffins, stewed winter pears, oatmeal-rice cookies, tea, milk.

MARDI GRAS DINNER: Baked chicken with Creole sauce, steamed rice, julienne green beans with sautéed almond slices, buttered soft rolls, watercress salad, French dressing, George Washington shortcakes, coffee, milk.

Meanwhile . . .

## Boyle's Column

## The Poor Man's Philosopher Says: "The Insects Are Laughing At Us"

By Hal Boyle

New York — (AP) — Sayings of a curbside philosopher.

The difference between love in a crowded cottage and love in a mansion is three children — and five bathrooms.

Mirrors have caused more self-improvement than colleges.

Tell me your dreams and I'll explain your nightmares.

If museums collected people instead of things the world would be less cluttered up with museum pieces.

A man who beats his wife probably never had a chance to spank his mother as a child.

Remember way back when people used to marry for a reason instead of a season?

Nothing keeps its youth like envy.

Temperance is man's compromise between temptation and hardening of the arteries.

A wife and his bathroom scales are all a man can trust these days — and neither gives him the answer he wants.

Trying to do selfish people a favor is like peeling grapes for apes — except that you get skinned.

A cynic usually leads a gray life because he is color blind to living.

If God believed what tombstones said, he'd have a crowded heaven.

Young love is ecstatic; old love is serene. And middle-aged love is middle-aged love.

Second childhood wouldn't be so dreadful if it would just grow hair on a bald head.

Hate pays no income tax because it returns no profit.

Put television in automobiles and the motorists will be kept busy wiping pedestrians off the screen.

Nothing gets less thanks out of life than a diaper — or does more good.

What is a prayer? It is the vocabulary of hope in the stunned language of loss.

## NATIONALIST RAID

Taipei, Formosa, Feb. 20. — Three Mitchell bombers damaged a power plant at Nanking yesterday, scoring a direct hit on a big transformer.

The raid followed Nationalist warnings to 10 Red China cities that they would be bombed. Nanking was the Nationalist capital until a year ago. Some foreign diplomats still live there.

## HOT, FIERY GAS Stomach Like a Furnace

A Jacksonville man said recently that his stomach used to burn like a gas factory. That is when he ate a meal it seemed to turn right into hot gas. He was always bloated, had gas pains daily. But now this man says he is FREE OF STOMACH GAS and he says the change is due to taking CERTA-VIN. His meals agree with him.

CERTA-VIN is a new formula. Taken before meals it works with your food, expels the gas, and thus you get the fullest good out of your meals. It contains Ten Great Herbs, plus vitamin B and Iron. Besides relieving gas, it also enriches the blood (with iron) and makes stronger nerves (with vitamin B). Miserable people soon feel better all over. So don't go on suffering! Get CERTA-VIN—MACE'S Drug Store. (Adv.)

## WHO IS AT FAULT?

Of course, since you are a careful driver, in case of an accident the "other fellow" is at fault. We feel that way, too, but if the jury disagrees it may cost you plenty. Make sure your automobile insurance is COMPLETE. If it is not, better call

PERTUSSIN acts at once. It not only relieves such coughing but also loosens up phlegm and makes it easier to raise. PERTUSSIN is safe! Mighty effective for old and young! Pleasant tasting!

## 162 DIE ON HIGHWAYS LAST MONTH

Springfield, Ill., Feb. 20. — Traffic deaths on Illinois highways last month shot up to 29 per cent over January, 1949, the state highway division reported today.

One hundred sixty-two persons were killed, compared with 126 in January a year ago. The postwar peak for January auto fatalities was 1201 in 1946.

## Coal Shortage Hits Many Homes; Crisis Expected This Week

Many Jacksonville homes and business houses felt the pinch of the coal shortage Monday as strikes reduced the incoming supplies of fuel to a mere trickle. This week probably will bring a crisis to many individuals who have been nursing depleted coal piles, hoping for a settlement of the mine strikes. The situation, however, appeared to grow more acute, with the Progressive miners scheduled to walk out at midnight Tuesday.

State institutions and schools here appear to be in fairly good shape as strikes tie up coal production throughout the nation. A prolonged period of inactivity, however, would put the public schools in bad shape unless fuel can be obtained in a week or two.

### Trucks Return Empty

Few dealers had any coal on hand Monday, and those who did doled it out in small quantities. Several trucks who have hauled coal from Progressive mines at Springfield and Virden reported that they were unable to get further supplies. Long lines of waiting trucks were reported at Progressive mines, loading the last fuel that will be dug until settlement of the strike is reached.

The mine tieup will affect homes and business houses here much quicker than the larger users of coal. Many homes have only a few days' supply of fuel, and temperatures have been reduced to conserve the precious stocks.

### Several Appeals For Fuel

The Chamber of Commerce reported that it had several appeals Saturday for assistance in locating coal. These were all from citizens who faced cold homes unless they

could obtain emergency supplies. Trucks were believed to have come to their assistance, as the appeals were not repeated.

Jacksonville public schools have sufficient coal to run one week. Another car load of coal was due here Monday, probably the last that will be received until production is resumed.

Both Passavant and Our Saviour hospitals have small supplies of coal on hand, neither having large storage capacities.

**Institutions Have Stockpiles**  
The three state institutions have stockpiles that will last several weeks. Use of fuel has already been curtailed by dimouts at the institutions.

The Jacksonville State hospital which normally consumes 75 tons of coal each day has cut the figure to 65 tons. The supply there is estimated at from 16 to 17 days.

At the Illinois School for the Blind enough coal is on hand to operate 20 days.

An 80 day supply is on hand at the Illinois School for the Deaf. Both state schools have curtailed the use of fuel by dimouts ordered by the state department of public welfare. Numerous industries will feel the effects of the coal strikes within a short time, it was said Monday. Stockpiles have been at low ebb all winter because of the uncertainty of supply.

Chicago, Feb. 20.—(AP)—The Illinois Commerce Commission today was preparing brown-out orders to dim lights and save coal throughout Illinois.

A commission spokesman said the orders may be issued later today. They would be fully effective by the end of the week.

Only a prompt back-to-work movement by United Mine Workers could avert a state-wide dim-out, a commissioner said.

The order would direct all electric consumers to reduce their use of current.

A brown-out order during the 1946 coal strike banned display lighting. It limited industrial use of power to 24 hours a week. Commercial users, such as stores, theaters and offices, were limited to 2 to 6 p.m. use six days a week.

The 1946 brown-out lasted nine days and resulted in a 50 per cent saving in coal. Saloons used candle light.

Frank G. Reed, president of the Chicago Coal Merchants association, said soft coal stocks of Chicago retailers will be exhausted this week.

"It's a miracle we've lasted this long," he said. "You've heard of the end of the rope. Well, this is it."

Reed said virtually every ounce of coal for Chicago dealers has "dried up."

Independent miners in Ohio, Pennsylvania and West Virginia, he said, have either signed up with the striking United Mine Workers union or can't work because of picketing by members of the union.

## P.T.A. Congress Makes Plans For Golden Jubilee

The Illinois Congress of Parents and Teachers' forty-eighth annual convention will open Thursday, April 20 at 2:30 p.m. and continue through April 22, at Stevens Hotel, Chicago. The theme is 'Our Challenge—Better Schools.'

The Illinois Congress is celebrating their fiftieth Golden Jubilee this year. It was in 1900 when the first Illinois Congress of Mothers and later to be known as the Illinois Congress of Parents and Teachers was formed.

About three hundred people attend the meetings in the Emmanuel Methodist Episcopal church in Evanston. Mrs. Rodger B. McMullen was elected as president; 1st Vice president—Mrs. Adlai E. Stevenson, Bloomington, Grandmother of Governor Adlai E. Stevenson; 2nd Vice president—Mrs. Marion Foster Washburne, Chicago; 3rd Vice president—Mrs. Agnes C. Willey, Aurora; recording secretary—Mrs. Helen M. Summers, Decatur; and treasurer—Mrs. L. K. Gillson, Evanston. This the "Staking Our Claim" took place in Evanston on May 22-30, 1900.

Mrs. Russell H. Oplinger, the 50th president of Illinois Congress will preside and urges all delegates and alternates and other interested persons to come and "Help Us Refine Our Gold."

Mrs. R. E. Mittricker, Chicago, has charge of general arrangements and Mrs. Wm. Sausaman, Springfield, is Program Chairman, and is very anxious to receive any information of local units who have been organized in the state fifty years or more. Address 1525 N. Third Street, Springfield, Ill.

## Mrs. James Stone Dies at Peoria

Mrs. Dorothy Stone, wife of James E. Stone of Delavan, Ill., died Sunday at St. Francis hospital in Peoria. Mrs. Stone, who was 24 years old, was formerly Miss Dorothy Miller of Loami, Ill.

She is survived by her husband; her parents, Mr. and Mrs. Tom Miller, and several brothers and sisters.

Funeral services will be held Wednesday at 2 p.m. in the Versailles Methodist church.

Frank G. Reed, president of the Chicago Coal Merchants association, said soft coal stocks of Chicago retailers will be exhausted this week. "It's a miracle we've lasted this long," he said. "You've heard of the end of the rope. Well, this is it."

Reed said virtually every ounce of coal for Chicago dealers has "dried up."

Independent miners in Ohio, Pennsylvania and West Virginia, he said, have either signed up with the striking United Mine Workers union or can't work because of picketing by members of the union.

He said "a few cars" were reported en route to Chicago from Pennsylvania and West Virginia, but he didn't expect they'd get here. Railroads have been confiscating shipments to keep their trains moving.

Reed said the Illinois Commerce Commission should order an immediate curtailment of coal-generated electrical output in the Chicago area.

## Miss Joyce Hempel, Neil Kleiber Wed In Rock Island

Vows of marriage were exchanged by Miss Joyce Ann Hempel, daughter of Mr. and Mrs. Carl Hempel of Rock Island, formerly of this city, and Neil P. Kleiber, son of Mr. and Mrs. Chester Kleiber, also of Rock Island, in a double-ring ceremony which took place Saturday morning at 10 o'clock in St. Mary's Catholic church, Rock Island.

Given in marriage by her father, the bride was attired in a gown of white slipper satin fashioned with a scalloped yoke of Chantilly lace, fitted bodice, and full skirt, accented with lace inserts and cathedral train. She carried a white prayerbook, covered with an orchid and white hyacinths, and wore a gold pendant set with diamonds and a teardrop pearl worn by her mother at her wedding 25 years ago.

Mrs. George Balzer of Davenport acted as matron of honor for her sister. Her light blue taffeta gown was made with scalloped neckline, fitted bodice and hoop skirt.

Identical gowns were worn by the bridesmaid and bridesmaid, Mrs. Warren Colony and Miss Jane Showalter, both of Rock Island, whose gowns were toast colored, and the junior bridesmaid, Miss Mary Ellen Fitzpatrick of this city, who was attired in blue.

Philip Zerull of Rock Island was best man, with Leonard Maloney, brother of the bridegroom, and Bud Otto, all of Rock Island, and George Balzer of Davenport as ushers. Thomas Showalter was ringbearer. The bridal couple received 150 guests in a reception held during the afternoon at the home of the bride's parents. They then left on a wedding

MR. AND MRS. CLIFFORD

White Hall—Mr. and Mrs. Milburn Clifford are shown after their marriage Feb. 1 at Carrollton by Justice Walter Postlewaite. The bride is the daughter of Mr. and Mrs. Edgar Woodruff of White Hall.

## Arenzville Junior Club Has Program

The Junior Woman's club of Arenzville met at the Legion Home on Friday, Feb. 17. The meeting was opened with the Junior pledge read by Mary Francis McLain.

Members of the Ashland Junior Woman's club were guests. The film "Illinois Playgrounds" was shown, after which Canasta was played. Prizes were awarded to Mrs. Norma Jean Schleuter, high, and Mrs. Mary Frances Hackman, low.

Hostesses were Mrs. John Clark, Mrs. Ralph Clark and Norma Helen Hierman.

## Legion Meeting Tonight

## Free Book On Arthritis And Rheumatism

Excelsior Springs, Mo., Feb. 20—So successful has a specialized system proven for treating rheumatism and arthritis that an amazing new book will be sent free to any reader of this paper who will write for it.

The book entitled, "Rheumatism," fully explains why drugs and medicines give only temporary relief and fail to remove the causes of the trouble; explains how you may obtain relief from rheumatism and arthritis.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. For writing promptly, the Clinic will send their newly enlarged book entitled, "Rheumatism." Address your letter to The Bell Clinic, Dept. 1218, Excelsior Springs, Missouri, but be sure to write today.

(Adv.)

## Students Present Musical Program For Jefferson PTA

A musical program by the third grade Jefferson school students, taught by Mrs. Hungate, highlighted the February meeting of the Jefferson P. T. A., held in the school gymnasium.

"Whispering Hope" and "The Caisson Song" were presented by the tonette band, which consisted of Carolyn Angelo, Gail Biehl, Clementine Briscoe, Donna Butcher, Billy Carl, Shirley Cozart, Harold Crowder, Patsy Davis, Allen Emmons, Eddie Garrett, Carol Hayes, Katherine Hayes, Gary Kearns, Eugene Miner, Eddie Joe Suttles, Bobby Stout, Phyllis Surratt, John Willels, Mary Winger and Velda Woods.

The meeting was presided over by the president, Mrs. Ben Beecup, who read a letter of appreciation from the board of education, thanking the P. T. A. members who assisted with the school census. She also announced that the Jefferson Community club would hold a card and bounce party at the school Monday evening. Talks on "Freedom in Education" were given by Mrs. Paul Smith, PTA district director, and Dr. D. R. Blodgett, city superintendent of schools. A nominating committee, consisting of Mrs. Burt Elliott, Mrs. George Christensen and Mrs. Carl Phillips, was appointed.

The attendance banner went to Mrs. Hungate's room. Refreshments were served by the room mothers.

The next meeting will be held March 30 at 3 p. m.

# THIS IS STERLING WEEK

## IN MORGAN COUNTY!

*Look for the Sterling Man with the Sterling Badge! He can help you and your family avoid worry and enjoy life more.*

### What is STERLING WEEK?

**Your opportunity to gain real security for you and your loved ones—NOW!**

• This week, you and your neighbors have the opportunity you've been waiting for—friendly counsel to *help you plan* the protection you and your loved ones need . . . and to *start* that plan at once!

When the STERLING MAN calls on you, sit down and talk things over. He can help you with one, two or all of these worry-preventing programs . . . exclusive with Sterling . . . and especially planned to give you:

**Monthly income if you are disabled**—your choice of plans paying \$100 to \$400 per month, some providing income even for life.

**Money for hospitalization expenses** when anyone in your family has to go to a hospital.

**Money for doctor bills** when anyone in your family is sick or has an accident or needs an operation.

**Retirement fund** providing income for your old age.

**Monthly income for your family** for as long as 20 years, in case of your death from any cause.

**Education fund** for your children.

**Life insurance** to fit every need.

### These are the Capable Men who are Helping Folks in this Community during Sterling Week

• STERLING is at your service *every week* in the year. A Sterling Man will call on you any time you request his advice on protection needs. But this week, Sterling is making a special effort to see that everyone in this county has the opportunity to get these special Sterling protection plans.

The typical Sterling Man is a family man, who understands family problems. Here are the men who will be calling on folks in this community this week:

Richard Bechtold	Dan Keating
William Bellamy	Al Klipper
William Bodell	John Maginnis
Abe Cole	John Metropulos
Wilbur Denman	Dave Ostfeld
Howard Dew	Richard Painter
Murry Edelson	Ben Shapiro
J. Roy Edwards	Robert Stone
Charles Fleisner	Sam Terker
Herbert Gelb	John Sullivan
C. Granger	Jack Spicer
Allen Hameroff	Audry Wells
James Irwin	K. Windstrom

The Sterling Man who calls on you is the friend and counselor of many folks like you and your family. He understands your problems. He knows what protection you

need. And he can show you how to get that protection. He is here to help you. When he comes to your house, ask him in and talk things over. You'll be glad you did.

### A Special Message for a Morgan County Man who wants to Become a Sterling Representative

The Sterling Insurance Company plans to appoint additional representatives in this community. To men of character and ability it offers an opportunity to serve their friends and neighbors, and to build a permanent business.

To arrange an appointment in Jacksonville, telephone John Metropulos, General Agent, Sterling-Springfield Agency; the telephone number in Jacksonville is 1106.

### Ask Your Neighbors About Sterling!

*Sterling has over 300,000 policyholders all over America. Here are just a few of our many friends and policyholders in this county.*

## National 4-H Week Activities Planned By Morgan Clubs

The Morgan County 4-H Federation met at Farm Bureau Hall, Virginia Muntman, president called the meeting to order. Seven clubs were represented at the meeting.

The new constitution was read and adopted by the federation council, and plans for National 4-H week were made, which includes window displays in various towns in Morgan county.

Chairmen were appointed to be in charge of window displays. They are Nellie Dossett, Shirley La-Kamp, Chapin; Doris Wright, Alexander; Elizabeth Muntman, Woodson; and Alice McNeely, Jacksonville, assisted by Elynor McFadden, Elizabeth Newberry, and Emma Jean Fox.

Plans were made for the 4-H rally which will be held at the YMCA on March 8. Those in charge of recreation for the rally will be Charles Williamson, Darrel Roeger, Donald Crabtree, Alice McNeely, Elizabeth Muntman, Nellie Dossett, Donald McNeely, Jeanette Joy, Shirley La-Kamp. One of the main features of the program will be the 4-H movie "4-H Headlines."

Recreation was enjoyed by the group and the meeting was adjourned until the next regular meeting date in March.

at Passavant hospital.

Mr. and Mrs. Hal Baker, 1230 Center street, are parents of a daughter born at 12:18 p. m. Monday at Passavant hospital.

Mr. and Mrs. M. R. Hoecker of Peoria are the parents of a son, third child, born Saturday, Feb. 18. Mrs. Hoecker was formerly Miss Agnes Kumble of Jacksonville.

## Mrs. Anna Ash Of White Hall Dies Monday

White Hall—Mrs. Anna M. Ash, 65 years old, wife of William Ash, died Monday morning at 2:40 o'clock at the Boyd Memorial hospital in Carrollton. She had been a resident of White Hall for many years.

Mrs. Ash was a member of the White Hall First Christian church. She is survived by her husband, to whom she was married 45 years ago; three children, Mrs. Thelma Joutett of Carrollton; Mrs. Elizabeth Stansberry of Roodhouse and William E. Ash of Wood River; two sisters, Mrs. Lizzie Sonner, Sheridan, Wyo., and Mrs. Mabel Horton, Peoria.

The remains are at the Dawdy Funeral Home. Services will take place at 2:30 p. m. Thursday at the First Christian church of White Hall. Rev. Elmer C. Johnston will officiate, assisted by Rev. L. M. Matson. Burial will be made in White Hall cemetery.

The body will be taken to the residence sometime Wednesday.

### Births

Mr. and Mrs. Robert Baird of Concord are parents of a daughter born Sunday at 2:59 a. m. at Our Saviour's hospital. The infant weighed six pounds, fifteen ounces.

A daughter weighing eight pounds was born to Mr. and Mrs. Robert Beard of Springfield Monday at 5:43 a. m. at Our Saviour's hospital.

A daughter was born at Our Saviour's hospital at 1:46 a. m. Monday to Mr. and Mrs. Norbert Ellering, 327 South Main street. The weight was four pounds, five ounces.

Mr. and Mrs. Merle Kaylor, rural route one, Winchester, are parents of a son born Monday at 4:14 a. m.

Mrs. Kenneth Meyer attended the Junior Women's club meeting at the Legion Hall in Arenzville on Friday evening.

## Myrtle Cassell Dies at Hospital Monday Morning

Mrs. Myrtle Cassell, 424 South East street, died Monday at 2:30 a. m. at Our Saviour's hospital, where she had been a patient since Sunday noon. Death followed a short illness.

Born in Fulton county on Jan. 7, 1885, Mrs. Cassell was the daughter of William K. and Alice E. Saunders. In 1905 she came to Jacksonville, where for many years she was employed as a machine operator at J. Capps and Sons.

Her husband, Herbert Cassell of this city, to whom she was married in August, 1920, passed away on March 14, 1940.

Mrs. Cassell is survived by two sisters, Mrs. R. C. Sallenberger of Decatur and Mrs. C. L. Hamilton of Creve Coeur, one brother, Fred Saunders of Decatur, two nephews, one niece.

The decedent was a member of Central Christian church.

The body is at the Cody and Son Memorial Home, where services will be held Wednesday at 2:30 p. m. in charge of Rev. Leslie Houston. Interment will be in Diamond Grove cemetery.

The family will meet friends at the memorial home from 7 to 9 o'clock Tuesday evening.

O'Malley.  
The remains are at the Mehl Funeral home, where the rosary will be recited Tuesday at 8 p. m.

Funeral services will be held Wednesday at 9:30 a. m. at St. John's Catholic church in this city, with Rev. Father Michael Enright officiating. Burial will be made in St. Francis Xavier cemetery at Jerseyville.

## I.C. Debaters in DePauw Tourney

Four Illinois College debaters have returned from Greencastle, Ind., where they completed in the DePauw University third annual debate tournament.

The I. C. affirmative team composed of Donald Polzin and Duane Gronau one out of four debates. The negative team of John Marsh, Decatur and Mrs. C. L. Hamilton of Creve Coeur, one brother, Fred Saunders of Decatur, two nephews, one niece.

Debaters were judged individually, however, and all four Illinois College contestants from 21 midwestern colleges and universities competed.

The U. S. Department of Agriculture says stores selling pre-packaged meat increased from 400 to 1,200 in 1949.

## Final Rites For Flora Oliverson Are Held Monday

Final rites for Miss Flora Oliverson were held Monday at 8:30 p. m. at the Church of Our Saviour, where requiem high Mass was celebrated by Rev. Dean F. F. Formaz.

The floral offerings were cared for by Miss Margaret Keating, Miss Georgia Souza, Mrs. Loretta Leetham and Mrs. John Doward.

The casket bearers were Robert Harmon, Leo Clancy, Frank Clancy, James Magner, Charles Lonergan, John Blesse, Francis Blesse and Ernest Correll.

Burial was in Calvary cemetery.

# 1950 State Amateur Softball Tournament Will Be Staged Here

The State A.S.A. Softball Tournament will be held in Jacksonville this year, according to announcement made Sunday by Bus Hogan, A.S.A. president, at a meeting of sectional commissioners held at the Bailey-Hymes Sporting Goods store in Champaign.

The tournament, to be staged under the auspices of the Jacksonville Recreation club, will be played at the Nichols Park diamond Aug. 24, 25, 26, 27 and 28.

Competing in the tournament will be the 15 sectional winners from all parts of the state and a team representing Jacksonville, the host city.

The tournament has been held here on several occasions, the last time being just a few years ago. This state-wide event is one of the most important amateur softball tournaments in this section.

Plans are being made by the Recreation club for a number of improvements on the local diamond.

Herschel Heaton, commissioner for this section; Claude Vasey and Alfred Angelo attended the meeting Sunday, along with representatives from all sections of the state.

## Bradley Takes Mo Valley Lead With Win Over Billikens

Peoria, Ill., Feb. 20—(P)—Bradley university, second ranking team in the nation, took the Missouri Valley conference lead tonight by downing St. Louis 52-45. It was Bradley's eighth league win in nine starts and

## Holy Cross First Team In 10 Years To Win 22 In Row

New York, Feb. 20—(P)—Unbeaten Holy Cross, the nation's No. 1 college basketball power, is the first team in more than 10 years to roll up 22 straight victories.

Not since 1939 has any team gone through its first 22 games without a setback. In that season, Long Island university recorded 24 consecutive triumphs without a defeat, a mark Holy Cross can tie by downing Boston college tomorrow night and Brown next Saturday.

The crusaders, top-ranking quintet in the Associated Press poll, also can be the first major team in six years to finish with a spotless record. Army's 1944 squad (15-0) was the last to turn the elusive trick, according to figures of the National Collegiate Athletics Bureau.

However, Boston college figures to be tough for Holy Cross. The Eagles, though sporting an unimpressive 10-6 record, upset highly regarded Villanova Saturday and now are out to avenge an early-season 93-46 shellacking by Holy Cross.

Other games on the crusaders' schedule include Valparaiso, New York AC, Columbia and Yale. The last three are road games.

Meanwhile, several conference races across the country are tightening to a bursting point.

St. Louis and Bradley play a return engagement at Peoria, Ill., tonight with the coveted Missouri Valley title hanging in the balance. Each club has an identical 7-1 league mark. Bradley, ranked second nationally, bent the Billikens, 54-45, last month at St. Louis.

The southeastern title comes up for grabs Saturday night at Lexington, Ky., where Kentucky, shooting

End of a Chapter

By Edwin Rutt Copyright 1950 by MEA SERVICE, INC.

THE STORY: Alice Pine, secretary to Muriel Halleck, a popular writer, has found herself strangely attracted to Brent, Muriel's husband, in spite of Alice's suspicion that Brent is cruel. Muriel meanwhile has landed a fat Hollywood writer's contract and has asked Alice to go with her to the Coast. Alice has agreed. Meanwhile, Alice runs into Chuck Haleck, Muriel's brother, who asks Alice if she is in love with Brent.

ing toward the end—manufacturing day by day an interesting, perhaps important, book. But just now the papers meant something else to Alice.

They furnished a legitimate excuse to go in to Muriel; lead up to a discussion instead of plunging abruptly into it.

She began to read.

She wanted to read with care. But her mind refused to co-operate fully. Words, sentences, persisted in forming on its fringes. And she was aware of trying to do two things at once—absorb a story and talk, from afar, to Muriel Halleck.

BUT, abruptly, she was talking to Muriel no longer. She was reading, with furious concentration, unconscious of a frown cutting deeply into her forehead.

She finished the last page. Then, for a moment, she sat utterly stunned.

It was unbelievable. Yet there it was, a scribble on yellow, waiting to be transcribed in clear readable black by Alice's typewriting.

Alice Pine got up slowly. Her right hand, hard and savage, held a crumple of yellow. And little red dots seemed to be dancing, tortuously, in front of her eyes.

She did not walk into the study. She swept into it.

Muriel sat at her table, composed, cool-looking, the inevitable cigarette dangling from her lower lip. "Gosh, Alice! I know I'm smoking. But there isn't any other fire. So why behave like you're going to one?"

Muriel stopped.

Alice felt the red dots running together, merging into a dull crimson glow. And the words and sentences, lately so clear on the edge of her mind, merged also into a confused jumble.

She didn't type this!

Muriel did not start. She merely said, eyes like quiet silver: "Alice, have you gone nuts?"
